Applicants' Response filed June 13, 2005 is acknowledged. The Supplemental Reply to the Office Action filed April 15, 2004 to which Applicants refer is not scanned. However, it is clear from the record that only claims 1, 20 and 22 are presently under consideration.

An Information Disclosure Statement filed June 13, 2005 is further acknowledged and has been reviewed. A publication date is required for all documents cited on Form PTO 1449.

A Declaration under Rule 132 by Tetsuro Kikuchi filed June 13, 2005 is further noted.

The objection of claim 2 in the last Office Action is moot.

Claims 21 and 22 were rejected in the last Office Action under 35 U.S.C. 112, second paragraph, as being indefinite. The rejection of claim of claim 21 is moot. Following the deletion of the recitation "such as", this rejection of record is withdrawn.

In the last Office Action claims 1, 20 and 22 were rejected under 35 U.S.C. 103 as being unpatentable over Banno et al., U.S. Patent 4,734,416. It was asserted Banno teaches the administration of the carbostyryl compound of instant formula 1 for treating manic depressive psychosis.

Applicants argue the Declaration demonstrates the superior effect of aripiprazole, a compound of instant formula 1, for the treatment of depression in comparison to Test Compound 1, a structurally similar compound, in an animal model of depression. Test Compound 1 has propoxy as the alkoxy side chain, while aripiprazole has butoxy in the alkoxy side chain.

Applicants' arguments are persuasive because the showing is not commensurate in scope with claim 1. The rejection is withdrawn with respect to claims 20 and 22. The rejection of claim 1 is maintained. The incorporation of the subject matter of claim 22 into claim 1 would be given favorable consideration.

Claims 20 and 22 are free of the prior art.

The Scrip Newsletter teaches the administration of aripiprazole for bipolar disorder. Bipolar disorder is an affective disorder characterized by alternating periods of euphoria and depression.

THIS ACTION IS MADE FINAL. Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this Final Action is set to expire THREE MONTHS from the mailing date of this Action. In the event a first reply is filed within TWO MONTHS of the mailing date of this Final Action and the Advisory Action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the Advisory Action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the Advisory Action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this Final Action.
